

Bowes Pre-School & Holiday Club

8.6 Animals in the setting Policy

Safeguarding and Welfare requirement: Safety and Suitability of premises, environment and equipment.

Bowes Pre-school must keep premises and equipment clean, and be aware of, and comply with, requirements of health and safety legislation (including hygiene requirements)

Children learn about the natural world, its animals and other living creatures, as part of the Learning and Development requirements of the Early Years Foundation Stage. This may include contact with animals, or other living creatures, either in the setting or on visits. We aim to ensure that this is in accordance with sensible hygiene and safety controls.

Procedures

Animals in the setting as pets.

- We take account of the views of parents and children when selecting an animal or creature to keep as a pet in the setting.
- Animal handling consent is included in the enrolment form
- We carry out a risk assessment with a knowledgeable person accounting for any hygiene or safety risks posed by the animal or creature.
- We provide suitable housing for the animal or creature and ensure this is cleaned out regularly and is kept safely.
- We ensure the correct food is offered, at the right times.
- We make arrangements for weekend and holiday care for the animal or creature.
- We register with a local vet and take out appropriate pet care health insurance.
- We make sure all vaccinations and other regular health measures, such as de-worming, are up-to-date and recorded.
- Children are taught correct handling and care of the animal or creature and are supervised at all times.
- Children wash their hands after handling the animal or creature and do not have contact with animal soil or soiled bedding.
- Staff will wear disposable gloves when cleaning housing or handling soiled bedding.
- If animals or creatures are brought in by visitors to show the children, they are the responsibility of their owner.
- The owner carries out a risk assessment, detailing how the animal or creature is to be handled and how any safety or hygiene issues will be addressed.

Visits to farms

- Before a visit to a farm, a risk assessment is carried out – this may take account of safety factors listed in the farm's own risk assessment, which should be viewed. This is also shared with parents in advance.
- The outings procedure is followed.
- Children should wash their hands after contact with animals.
- Outdoor footwear worn to visit farms is to be cleaned of mud and debris and should not

be worn indoors.

Legal Framework

- The Management of Health and Safety at Work Regulations (1999)

Further guidance

- Health and Safety Regulations.... A Short Guide (HSE 2003)

Policies & Procedures are fully supported by the manager committee, parents/carers and guardians of Bowes Pre-School
